# **Spanish Lighting Design**

**2022**

# **INSPIRATION**

"KAISHI" start, begin.

KAISHI, new concept inspired in the simplicity of oriental culture and the functionality of the Scandinavian product, a fusion of different styles, all reinterpreted from a Mediterranean vision, with the intention to offer fresh and timeless solutions inside of lighting world.

"KAISHI" palabra Japonesa que significa comienzo.

KAISHI es un nuevo concepto de iluminación inspirado en la simplicidad oriental y la funcionalidad del producto escandinavo, una fusión de diferentes estilos, todo ello reinterpretado desde una visión mediterránea, con el objetivo de ofrecer soluciones frescas y atemporales dentro del mundo de la iluminación.

KAISHI nace con la intención de generar sensaciones, crear experiencias, ofrecer productos de iluminación que despierten emociones.

Somos un equipo con una larga experiencia en diversas disciplinas, diseño, comunicación, fabricación y comercialización, todos estos conocimientos los hemos aplicado para crear productos de diseño y calidad excelente, mimando el producto en todos sus procesos, desde la fabricación hasta el embalaje, cuidando hasta el mínimo detalle.

Nuestras colecciones están diseñadas bajo un meticuloso proceso creativo, nacen del estudio de la luz y la forma, de la utilización de materiales nobles y procesos artesanales como el vidrio soplado, respetando al máximo la naturaleza y el impacto al medio ambiente.

## **BRAND**

KAISHI was born with the intention of generating sensations, creating experiences, offering lighting products that arouse emotions.

We are a team with extensive experience in various disciplines, design, communication, manufacturing and marketing, we have applied all this knowledge to create products of excellent design and quality, pampering the product in all its processes, from manufacturing to packaging, taking care down to the smallest detail.

Our collections are designed under a meticulous creative process, born from the study of light and form, from the use of noble materials and artisanal processes such as blown glass, respecting nature and the impact on the environment as much as possible.

## **DESIGN**

At Kaishi we are committed to author design, all our collections are designed under the creative approach of the designer Hugo Tejada, who has captured all his experience in the products that make up our catalogue. His influence is represented in each concept, inspired by different styles, all reinterpreted under his creative vision.

All our products talk about light, about how to control a light effect, with the intention of arousing sensations and generating emotions without forgetting the functionality of the product, for this reason we propose beautiful and functional objects with the aim of making life easier for people.

En Kaishi apostamos por el diseño de autor, todas nuestras colecciones están diseñadas bajo el enfoque creativo del diseñador Hugo Tejada, que ha plasmado toda su experiencia en los productos que componen nuestro catálogo. Su influencia está representada en cada concepto, inspirado por diferentes estilos, todo ello reinterpretado bajo su visión creativa.

Todos nuestros productos hablan de la luz, de la manera de controlar un efecto de luz, con la intención despertar sensaciones y generar emociones sin olvidar la funcionalidad del producto, por ello proponemos objetos bellos y funcionales con el objetivo de facilitar la vida a las personas.

## The Collection

Lamp of strong presence and personality, designed to be the protagonist and to surprise with the reflection of the light inside its transparent glass body. ART is designed from the feeling, born of the emotions, of artistic styles from the beginning of the last century, inspired by the pure lines of Art Déco, a reinterpretation of the style that astonished the world. The lamp is made of brass and crystal clear glass of high quality, noble materials that magnify the spectacularity of the lamp, which once turned on, becomes a visual spectacle, thanks to the daring shape of its large transparent glass diffuser . ART is a design to be contemplated, a surprising lamp because of the risky of its shape and the effect of light it transmits, an ideal design for industrial style spaces.

Lámpara de fuerte presencia y personalidad, diseñada para ser la protagonista y sorprender con la reflexión de la luz dentro de su cuerpo de cristal transparente. ART está diseñada desde el sentimiento, nace de las emociones, de estilos artísticos de principios del siglo pasado, inspirada en las líneas puras del Art Déco, una reinterpretación del estilo que asombró al mundo. La lámpara está fabricada en metal latonado y cristal transparente de altísima calidad, materiales nobles que magnifican la espectacularidad de la lámpara, que una vez es encendida, se convierte en todo un espectáculo visual, gracias a la forma atrevida de su gran difusor de cristal transparente. ART es un diseño para ser contemplado, una lámpara sorprendente por lo arriesgado de su forma y el efecto de luz que transmite, un diseño ideal para espacios de estilo industrial.

**Bole**

## The Collection

It is a lamp for everyday, a “gadget” designed for people who need to illuminate spaces without the use of big objects. BOLE is a tribute to the craftsmanship, the use of noble materials such as wood and metal, a simple object but full of quality details such as natural wood with brass metal casing, or the relief of the brand logo made in the same body of wood. A lamp of Nordic style functional and adaptable to any decorative space.

Se trata de una lámpara de uso diario, un sobremesa tipo “gadget” diseñado para personas que necesiten iluminar espacios sin la utilización de grandes objetos. BOLE es un homenaje a la artesanía, a la utilización de materiales nobles como la madera y el metal, un objeto simple pero lleno de detalles de calidad como madera natural con encastre de metal latonado, o el relieve del logo de la marca realizado en el mismo cuerpo de madera. Una lámpara de estilo nórdico totalmente funcional y adaptable a cualquier espacio decorativo.

# Candle

## The Collection

An elegant and sophisticated proposal, a minimalist design composed of pure lines and simple geometry. CANDLE is a different alternative, allows us to illuminate space efficiently without the need to use big objects. It is a concept inspired by the porta candles, reinterprets the way to illuminate replacing the natural light of the fire by the modern light bulb. The lamp is made of brass and polished marble with two options of marble that perfectly combine with the brass of its metallic components. CANDLE is offered as a versatile object, adaptable to any style or decorative space, a simple and functional option perfect for domestic environments and installations.

Una propuesta elegante y sofisticada, un diseño minimalista compuesto por líneas puras y geometría simple. CANDLE es una alternativa distinta, nos permite iluminar un espacio con eficiencia sin la necesidad de utilizar grandes objetos. Es un concepto inspirado en los porta velas, reinterpreta la forma de iluminar sustituyendo la fuente de luz natural del fuego por la bombilla moderna. La lámpara está fabricada en metal latonado y mármol acabado brillo, además de tener dos opciones de mármol que combinan a la perfección con el latón de sus componentes metálicos. CANDLE se ofrece como un objeto polivalente, adaptable a cualquier estilo o espacio decorativo, una opción simple y funcional perfecto para ambientes domésticos e instalaciones.

# Gum

## The Collection

Simple and colorful design, a functional and aesthetic object, ideal for installations, restaurants or spaces that need an illuminated element that adds color and dynamism to the space. Thanks to the silicone, GUM transforms into a pleasant product to the touch, in addition, materials of the highest quality have been used, to offer a differentiating object inside the segment of open view bulbs, a simple product but filled of small details.

Un diseño simple y colorido, un objeto totalmente funcional y a su vez estético, ideal para instalaciones, restaurantes o espacios que necesiten un elemento iluminado que aporte color y dinamismo al espacio. Gracias a la silicona, GUM se transforma en un producto agradable al tacto, además, se han utilizado materiales de la más alta calidad, para ofrecer un objeto diferenciador dentro del segmento de las iluminarias de bombilla vista, un producto simple pero lleno de pequeños detalles.

## The Collection

Oriental philosophy applied in an industrial object, a collection of pure geometric lines that play with hidden light and reflection. LAOS is born of another culture, its form is inspired by the clothes of the oriental peasants, more specifically in the hats used to protect themselves from the sun. The collection is made up of different applications, table lamp, floor, pendant lamp, wall lamp and ceiling lamp, all of these options make LAOS a versatile collection. It is also made of metal with a brass finish and incorporates LED technology as a light source. LAOS is a game of effects light, its light is reflected in the interior surface of the object and this light turns outwards to illuminate with surprising efficiency, a magical object with personality, the perfect choice for the world Contract and domestic spaces.

La filosofía oriental aplicada en un objeto industrial, una colección de líneas geométricas puras que juega con la luz oculta y la reflexión. LAOS nace de otra cultura, su forma está inspirada en la vestimenta de los campesinos orientales, más concretamente en los sombreros utilizados para protegerse del sol. La colección está compuesta por distintas aplicaciones, sobremesa, pie de salón, colgante, aplique y plafón, todas estas opciones hacen de LAOS una colección super versátil. Además está fabricada en metal con acabado en latón e incorpora como fuente de luz la tecnología LED. LAOS es un juego de efectos lumínicos, su luz es reflejada en la parte interior de objeto y esta a su vez fluye hacia el exterior para iluminar con una eficacia sorprendente, un objeto mágico lleno de personalidad, la opción perfecta para el mundo Contract y espacios domésticos.

## The Collection

It is a reinterpretation of the old oil lamps used in the past, an update of a concept that is no used in modern life but which in this case has been reused to create a current object. The minimalist form of QUINQUE transforms this old concept into a more modern style, in this concept it acquires a different role, it stops being a portable lamp to be a lamp not portable, since nowadays we can illuminate ourselves without the need to move the object which emits light thanks to the electric light connections. The lamp is made of metal and opal glass, thanks to the glass, allows the whole object to be illuminated, creating a pleasant and warm light effect.

Es una reinterpretación de las antiguas lámparas de aceite utilizadas en el pasado, una actualización de un concepto que ha dejado de utilizarse en la vida moderna pero que en este caso ha sido reutilizado para crear un objeto actual. La forma minimalista de QUINQUE transforma este antiguo concepto a un estilo más actual, en este concepto adquiere un rol distinto, deja de ser una lámpara portable a ser una lámpara no portable, puesto que hoy en día podemos iluminarnos sin la necesidad de desplazar el objeto que emite la luz gracias a las conexiones de luz eléctricas. La lámpara está fabricada en metal y cristal opal, gracias al cristal, permite que todo el objeto sea iluminado, creando un efecto lumínico agradable y cálido.

**Take a Way**

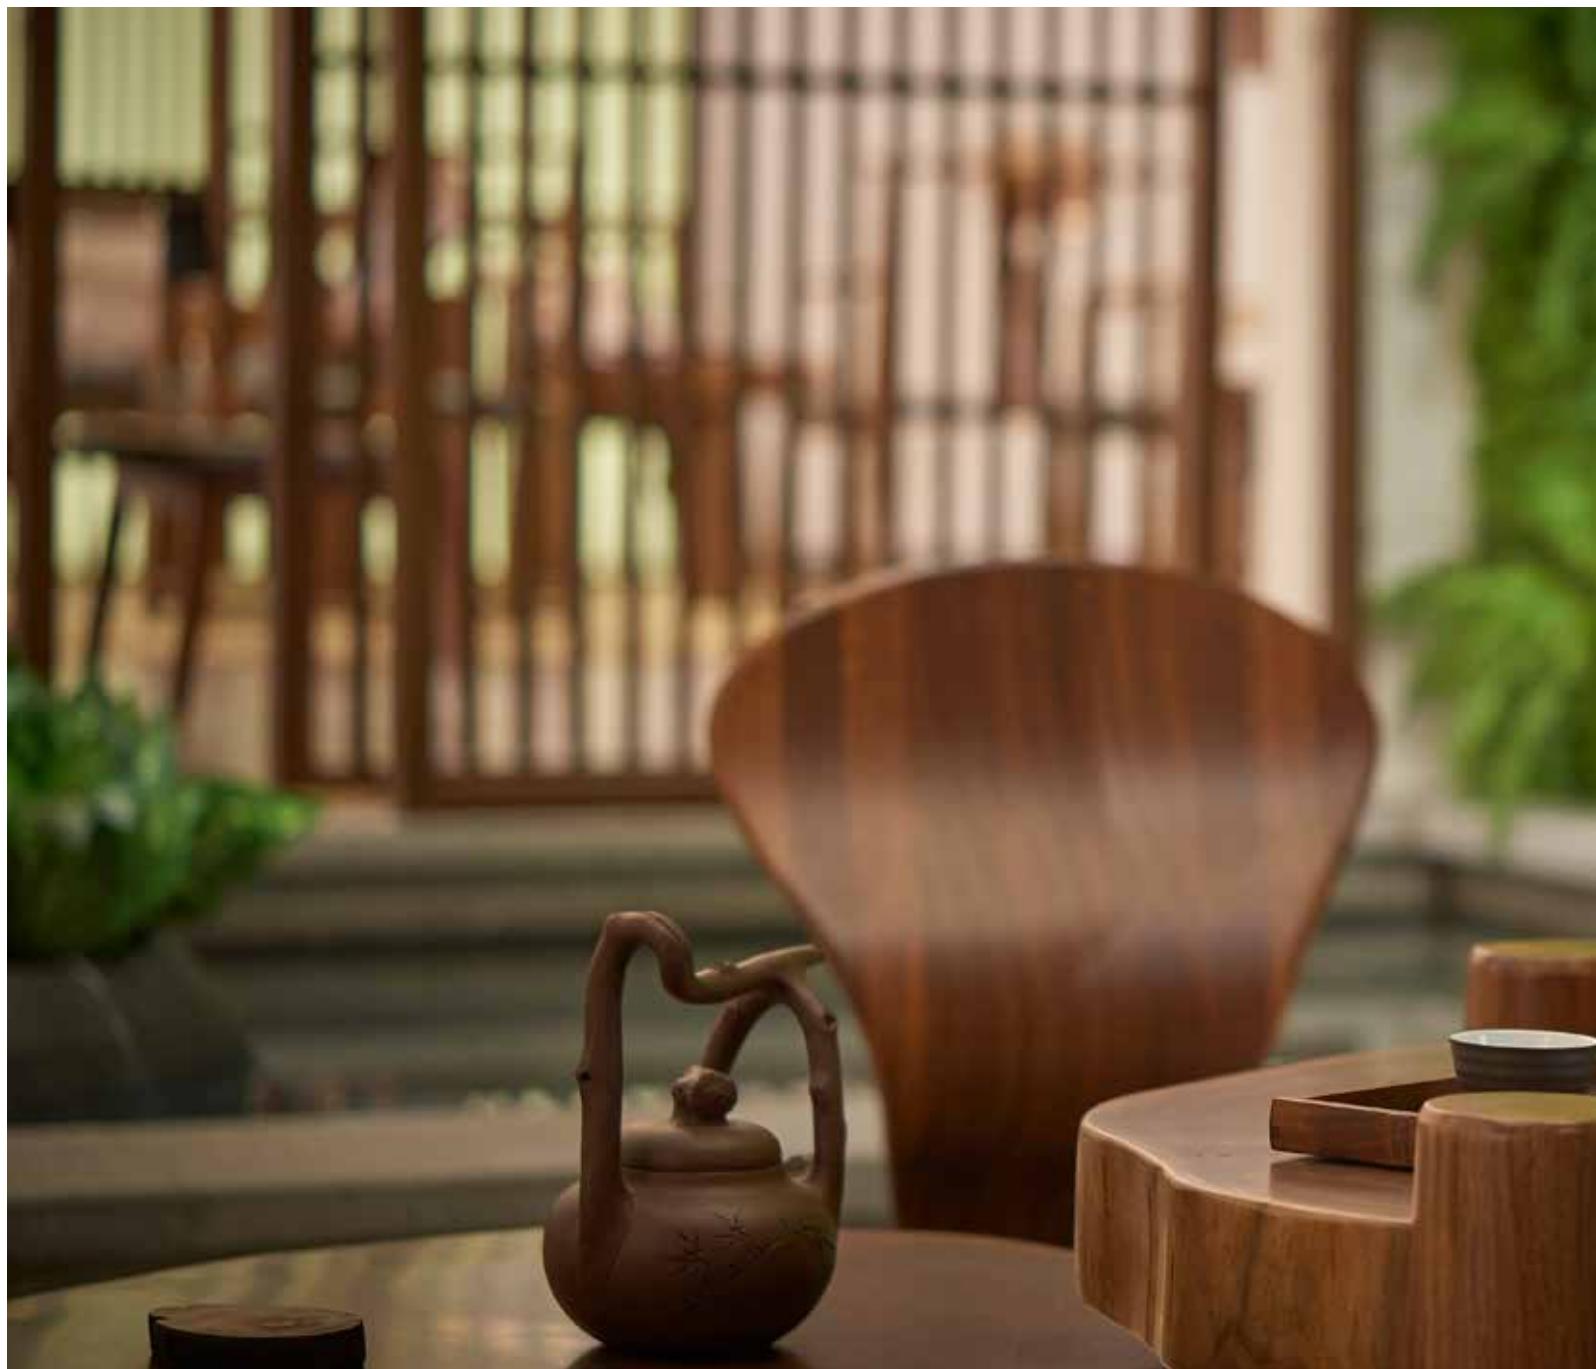

## The Collection

Born to become an icon, an animated object with own life, a nice proposal with a marked youthful style. TAKE A WAY is a portable lamp inspired by the lanterns used in the railway stations of the past time, a reinterpretation of the old railway lamps under an updated aesthetic. The lamp is an object totally polyvalent, being a portable object, we can use it anywhere without wires thanks to the incorporation of long-life lithium battery. The lamp is made of aluminum, material that provides strength and lightness to the object. In addition, it integrates adjustable LED technology, that allows to regulate the intensity of light depending on the needs of the moment, a surprising proposal that will not leave you indifferent.

Nace para convertirse en un ícono, un objeto animado con vida propia, una simpática propuesta con un marcado estilo juvenil. TAKE A WAY es una lámpara portable inspirada en los faroles utilizados en las estaciones ferroviarias del pasado, una reinterpretación de las antiguas lámparas ferroviarias bajo una estética actualizada. La lámpara es un objeto totalmente polivalente, al ser un objeto portable, podemos utilizarla en cualquier lugar sin necesidad de cables gracias a la incorporación de batería de litio de larga duración. La lámpara está fabricada en aluminio, material que aporta robustez y ligereza al objeto. Además, integra tecnología LED regulable, que permite regular la intensidad de luz dependiendo de las necesidades del momento, una propuesta sorprendente que no te dejará indiferente.
